

Armenia Long-Span Bridge Construction

Overview

The longest bridge in the history of the Armenian people is being built in Meghri, Armenian Prime Minister and Chairman of the ruling Civil Contract party Nikol Pashinyan said in a video published on Facebook. Road and railway bridges, viaducts, aqueducts and footbridges are included. This table presents the structures with greatest spans of Armenia (non-exhaustive list). Nicolas. Create a free account and view content that fits your specific interests in structural engineering Learn More The "Road Department" Fund, Armenia's primary authority for managing transport infrastructure projects, has announced the reopening of traffic on the Nor-Hachin Bridge, the longest bridge. A Memorandum of Understanding "On the Bargushat Tunnel Construction Project in the Republic of Armenia" has been signed. Traffic on Nor-Hachin Bridge, the longest bridge in Armenia, which spans the Hrazdan Gorge, has been resumed, the Road Department reported.
