

Austrian optical module manufacturer

Overview

Austrian Optic Technologies (AOTG), based in Guntramsdorf, is a subsidiary of MPG GmbH and focuses on high-quality eyewear lenses. As a long-standing partner of surgical microscope manufacturers, PHOTONIC has developed a variety of solutions for complex lighting scenarios in the past. PHOTONIC is a sought-after light specialist, thanks to over 20 years of experience in the development and production of lighting solutions for. The DLPM980E Development Kit from IN-VISION is a next-generation platform redefining what is possible in Phase Light Modulation (PLM). The product range extends from innovative progressive lenses and lenses manufactured using free-form technology to conventionally produced mineral and organic single-. Identify and compare relevant B2B manufacturers, suppliers and retailers Max. ams-OSRAM AG is a global leader in optical solutions, providing advanced optical filters and photonics that enhance performance across various applications. The list of fascinating products created within the WILD group is long: Whether completely new. SWAROTEC, a division of SWAROVSKI OPTIK, produces customer specific industrial applications in the field of optics. Since 1949 long-range optic devices of highest quality are produced in Absam, Tyrol, setting new standards.
