

Cable busbar junction box

Overview

Suitable for connectors over 400mm², the enclosure can connect three-phase plus neutral supplied with up to six conductors per phase. 404) Stainless Steel, IP66 and Type 4X rated the BusBar Box is at home in any offshore marine or exposed onshore. Busbars, junction boxes and electric cable strip connectors at Arc Components Ltd. The section includes various single and multiple connectors including 100A and 150A busbars, 8-way junction blocks and. A Busbar is a clever bit of kit used to make complex power distribution easier, less expensive, and more flexible. Electrical busbars come in various forms such as solid bars, flat strips, or insulated combs. The primary function of a busbar. Based on DL/T 1263-2013, the technical specifications for 12kV-40. They're specifically for distributing and feeding electrical power. The intelligent design of the Abtech Busbar Box range allows high voltage cables to enter the electrical enclosure and to be terminated onto the busbar. Designed to accommodate inflexible high current cables, the BusBar Box can safely terminate conductors up to 3200 amps in harsh and hazardous locations. (CB8) Cable Gland for 5-10mm dia.
