

Civilian Cable Trays

Overview

These specialized cable trays are engineered to contain and manage electrical cables while integrating advanced mechanisms to detect and isolate leakage currents. Over the past 55+ years, MP Husky US Cable Tray has engineered and manufactured the most reliable, highest quality, cost effective and innovative cable trays systems. Choose from our selection of cable trays, including over 850 products in a wide range of styles and sizes. Constructed from high-quality welded steel wire, Cablofil® Wire Mesh Cable Tray is the result of decades of research and over 94,000 miles of installed tray across the globe. From heavy power cable pathways on oil drilling platforms to data center cabling, explore the cable tray that's strong yet. Cable tray and cable ladder systems are an ideal alternative to electrical conduit systems. These systems are used in a wide range of applications, from office buildings and hospitals to manufacturing.
