

Comoro Antioxidant Cable Tray Support Arm

Overview

41x21mm horizontal support for wall fixing of cable trays, electrical conduits and other heating pipe installations, A/C, fire protection systems, etc. Cable supports are manufactured according to common standards from high quality raw materials. UNITECH's metal framing channel is cold formed on modern rolling machines from low carbon. In addition to the covers, optional accessories in various materials and coatings are available to supplement the cable support system, e. gutter connectors, connecting plates, separating strips and protective rings. Catalogue for cable trays, mesh cable trays, cable ladders, wide-span systems. Cable trays are components used in the wiring of buildings to support insulated cables and organise them to be hidden from view. Whether you're mounting a Steel Cable Tray to walls, ceilings, or structural beams, these systems ensure.
