

Distribution box model da

Overview

The fuse boxes of the DISBOX-DA series have a protection class of IP30 and are made of halogen-free styrene. The DA series is characterized by an open design, which allows the user to access the internals at any time. The range of applications extends from pure energy distribution in buildings to building automation and through to industrial plants. SMART DISTRIBUTION BOXES FOR FLEXIBLE BUILDINGS. Actual units use PNP status indicator, NPN status indicator, or neither. Dimensions are shown in mm (in. High-quality materials and robust product designs ensure a reliable connection, signal transmission and power. Unique, innovative, versatile enclosure made of ABS or polycarbonate UL 94 V0 • Patented, innovative, hinged quick-release catch technology without screws: open with a screwdriver, close by hand • More than 25 sizes and 150 standard.
