

Fiber Optic Cable Steel Wire Pulling Bracket

Overview

The universal bracket is made from galvanized steel by cold stamping production method. Also called FTTH hook (pole bracket for FTTH) can be attached on wooden, metal, concrete poles or buildings by stainless steel strap or bolts. Anchor and suspension brackets and hooks materials: The brackets, hooks and other accessories are all passed lab test, so they can service in bad. Fiber optic cable pole brackets and hooks refer to the equipment used for mounting and securing fiber optic cables on utility poles or other vertical structures. com provide a complete solution of products for fiber optic cable deployment for FTTx network constructions. Our fiber. Optical Distribution Network (ODN) is composed of OLT and user equipment interconnected by optical fibers, splitters, and connectors, with downstream signal streams coming to the user interfaces and upstream signal streams for OLT processing purposes.
