

Georgian Standard Distribution Box Specifications

Overview

This document provides specifications for various distribution boxes including dimensions, mounting sizes, and number of ways. The Source is the Georgia Department of Transportation's online reference for contractors. Dimensions included are length, width. Resolution on the Procedures for the Protection of Electricity Grid Linear Facilities and Establishment of Their Protection Zones 5. Normative Energy Losses in Electric Networks of Energy System of Georgia 7. Specialized Boxes: DBS (British standard), DX-AT (with ATS), GYFZ3 (industrial), and GYM1. If installation requires distribution system upgrades (unlikely), distribution company, at its discretion, would be allowed to apply to GNERC for direct recovery of the costs from the net metering applicant. Georgian standards obtain a legal status after their registration at the national standards registry provided by LEPL - Georgian National Agency for Standards and Metrology (GeoSTM).
