

How is Huijue high-voltage complete equipment

Overview

We offer a complete range of products, including household, industrial, commercial, and site energy storage systems. Founded in 2002, Huijue Group is a high-tech service provider integrating intelligent energy storage equipment and computer intelligent network communication system integration and application. Huijue Network's products are exported to Europe, North America, Southeast Asia and other countries and. Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an. Huijue Group's High-voltage GrounHV Series SVC Energy system redefines static VAR compensation (SVC) with a 154kV-550kV operational range - 68% wider than industry standards. Unlike conventional systems that degrade unevenly, our solution maintains 95% capacity after 6,000 cycles. But here's the kicker - thermal management.
