

How many years is the warranty period for optical cable installation

Overview

They shall be free from defects in material and workmanship for at least 25 years from the date of purchase. A warranty application and additional required project documentation must be received and recorded by OCC prior to certificate issuance. The Certification Plus System Warranty is a 15, 20 or 25-year standards-based, performance warranty covering Panduit-branded copper and fiber connectivity hardware, and Panduit-branded cable or approved manufacturer's cable, used in structured cabling systems that meet program requirements. Optical Cable Corporation. Standard one-year limited warranty. This warranty does not apply to normal wear and tear or damage caused by negligence, lack of maintenance, accident, abnormal operation, improper. Leviton guarantees that the products will meet or exceed the overall system electrical and optical performance rating attributed to the cabling system and components as purchased, for the duration of the warranty period. Electrical performance rating is defined as the category rating of the system. This warranty is exclusive and in lieu of all other warranties, whether express or implied, or statutory, including, but not by way of limitation, any warranty of merchantability or fitness for any particular purpose, non-infringement or any other matter.
