

Installing outdoor cabinets on utility poles

Overview

This instruction describes the recommended procedure to Top adapter bracket mount cable enclosures (CEN) and optical cross-connect cabinets (OCC) on a utility pole. The kit consists of five galvanized steel brackets and the necessary hardware to attach the brackets to the CEN or OCC. Installing an outdoor cabinet on a pole is quite a hassle particularly where it is critically required for sustainability coupled with the right alignment. A well-selected cabinet protects equipment from environmental challenges, such as extreme weather, and minimizes downtime. TopCabinet's pole mount enclosures are engineered for outdoor electrical installations where space is limited and environmental. But more specifically, we want to talk about some common methods that are used when mounting smaller and medium sized enclosures to either a wall or pole or mast.
