

Integrated Energy Cabinet for Smart Buildings NEMA4X

Overview

The photovoltaic storage and off-grid integrated cabinet adopts an ALL-in-One design, integrating battery PACK (including BMS), photovoltaic controller (MPPT), PCS, on-grid and off-grid switching STS, EMS, power distribution, air conditioning, and fire protection in one stop. Outdoor integrated cabinet is well suited for power equipment, batteries, telecom gear, all integrated into a robust, economical package. The cabinet contains internal mounting rails, which allow installation of standard 19" equipment. Includes: locking door with air. AZE's field-ready NEMA rated outdoor enclosures or NEMA rated cabinets are designed for harsh environments and extremely weather, from 3R to 4X, various sizes and climate controlled options for thermal management, which can help accelerate your ROI while ensuring performance you can trust. The. Your 50% Off Code is On It's Way! Avoid long component lead times, human error, and labor costs associated with building your own enclosure. Each EasyPoE ® Series enclosure comes pre-assembled to spec & is ready to deploy.
