

LPE distribution box

Overview

The Alpha® LPE Enclosure low-profile power cabinet is an ideal solution for cable network power when traditional equipment is too large or bulky. Our flexible distribution boxes enable reliable, decentralized signal transmission and power transmission up to protection class IP67 – wherever passive distribution boxes are required. In addition to an extensive range of 1- to 5-row energy distribution cabinets designed and approved according to IEC/EN 62208 and IEC/EN 60670-24, the series also. Our intelligent and mechanical boxes in the area of power and data distribution offer modular solutions for all voltage levels and at the same time optimize functionality - for maximum efficiency with maximum safety. The increasing number of functions in vehicles require a more reliable, multi-purpose and flexible power network and we offer standard and. Alpha's LPE Compact Enclosures are the most durable broadband power supply enclosures in the industry.
