

Manufacturer of Leakage Protection Distribution Boxes

Overview

Here are six brands that are great in 2025: Schneider Electric uses smart technology for better control. DOHO Electric makes designs that save energy. Legrand has stylish and modular systems. Rockwell Automation gives strong digital integration. ONESTOP ELECTRIC MANUFACTURER offers. For decades, the only explosion protection technology available in North America was the cast metal enclosure systems designed for Class I, Division 1 environments, also known as NEMA 7 explosionproof enclosures. Today, more than 3/4 of hazardous location installations are done in Class I, Division. To allow individual control of a piping system, a well-designed distribution system is required. We manufacture distribution boxes with exhaust air connection, drip tray, and leak detection, designed for integration into ring or branch lines. is a leading source factory in China with 20 years of experience in sheet metal manufacturing, certified with CE, UL, and ISO9001 Quality Management System. We specialize in distribution boxes, distribution cabinets, and custom non-standard sheet metal products. VIOX offers high-quality stainless steel distribution boxes in 201, 304, and 316 grades. From cost-effective indoor solutions to corrosion-resistant options for harsh environments, our range ensures durability and reliability across diverse applications. Widely applied in buildings, industrial.
