

Model of Armored Optical Cable Protective Sleeve

Overview

The FP-03 series is the industry standard for durable and lasting protection of single fiber splices in field installations, while the FP-04 (T)/05 provide these same performance levels for 8/12 fiber ribbon respectively. Durable Construction: Outdoor armored optical cable with protective cover shell, this optical cable provides robust protection against water, dust, and impacts; ensures protection against physical damage and environmental factors. Cover Tv|Enhance your outdoor audio-visual setup with our durable, waterproof HDMI and fiber optic cable metal sleeve, designed to protect against the elements while maintaining signal integrity. AFL offers a wide selection of fiber protection sleeves to meet any application. This products is made up of cross linked polyolefin heat-shrinkable tubes, hote melt tubes and Stainless. Armored fiber patch cable, just as its name implies, is a kind of fiber optic cable wrapped a layer of protective "armor" outside.
