

Palau Vibration-resistant Communication Optical Cable Manufacturer

Overview

The National Submarine Cable Utility Belau Submarine Cable Corporation (BSCC) of the Palau Republic (Palau) has awarded a contract to NEC for the construction of the Palau Cable 2 (PC2) optical submarine cable. PC2, with a. Palau Cable 2 (PC2) is a subsea cable of approximately 110km to connect the Palau Republic with a large-capacity submarine optical cable that connects Southeast Asia and the U. mainland (Echo subsea cable system). PC2 adopts the latest optical wavelength multiplexing transmission system of. Belau Submarine Cable Corporation's project to develop a second international submarine cable for the tiny Pacific Island nation of Palau, PC2, grew out of a realisation that by mid-2018, traffic growth on the first cable (PC1, completed in December 2017) was already testing the limits of what.
