

Pb400 distribution box

Overview

Last generation V-0 fireproof polymer box according to UL94 up to 2500 VA. Includes LED functioning indicator. This product can only be hired by businesses with a customer number. They also exclude costs for the following: maintenance, fuel, oil, wear and tear, transport, cleaning. The main distribution board is designed to fulfill electrical and mechanic requirements with modular configurations according to the latest international standards and IEC 61439-2. System pro E power is engineered for extreme reliability in the most demanding environments. With modular. Single phase dry type safety transformers, finished in anti-flash varnished in IP20 metal enclosure with protection to prevent direct contact with electrical parts. Package contents: plastic box, condensation tank and finiture cover. I read and accept the Privacy Policy. All input and output connectors comply with. Enjoy quick delivery and the very best prices on our wide range of 400a power distribution boxes here at Rubber Box. We've designed each of these products with ruggedness, durability and exceptional performance in mind, and what's more, their highly versatile nature means they can be used to meet.
