A complete cable tray submittal package should include: In EPC projects, submittal approval is not based on supplier claims. It is based on whether the documentation proves that the proposed cable tray system matches the specification, the project. Cable trays may seem simple, but they directly affect safety, reliability, and maintenance. I've seen trays fail because of poor coatings, undersized supports, or rushed installations – all of which caused costly rework. Getting this right at procurement and QC stages can prevent these headaches. Browse catalogs from verified manufacturers and exporters offering custom Cable Trays solutions.
